Document Remarks

[REDACTED] This file contains information about a Kurdish citizen named Khaled Abdullah Isma? il who is an IIS agent in the Northern area of Iraq (Kurdish area). The IIS assigned him to do a secret operation. The operation was to kill two Swedish Journalists by blowing-up their car with two dynamite sticks. Before Khaled did the assignment, he told his brother Khasro who was an officer in the Kurdish Security Forces in the North. Khasro in turn informed the Kurds. Therefore Khaled still needs to blow-up the car, but without hurting the two journalists. So he planted only one stick of dynamite instead of two. So when the car blew up it would only wound the journalists and not kill them. And the car was blown up on 1994/3/13. The IIS heard about the car explosion and that no body died, so they investigated. Khaled was brought in and questioned him finally he confessed and told them everything happened. For revealing information about a secret operation to his brother and to the Kurds, Khaled Abdullah was convicted in a military court and was sentenced to be put away in prison for life at Abu-Ghraib Jail. Note: There is application for his personnel information in the folder including his picture. -Khasro the brother of Khaled had a friendly relationship with the journalists. He knew them since he had been in Sweden. No further information.
