To M55/6

M4D1/3/1 has informed us of the following

The religious movements in Kuwait have considerable effect on the Kuwaiti society especially in light of these movements' animosity toward the policy of Al Sabbah [ph] family and their utter support of American politics.

It is desire to create a situation of confrontation with these organizations represented by (The National Islamic Unity representing the Shiites of Kuwait, The Islamic Constitutional Movement representing the Islamic Brotherhood Movement, The Populous Islamic Community representing the Salafis, and the Islamic Jihad Organization of Kuwait) which through the rebels on your side would aim to penetrate these movements and revive our intelligence work in this field on the Kuwaiti arena.

Please be informed...and inform us...with respect
