They [Abu-Nidal's Org] have members in many Arab countries that participated in Umm-al-Ma'arik [first Gulf war/Desert Storm] but had no vital role in carrying out any operations.

B- Palestine Liberation Front

It was established in 1983 after the split by Abu-al-Abbas who was the deputy general secretary of the front which currently has an office in Baghdad. They were assigned to carry out commando operations against American interests abroad during Umm-al-Ma'arik war. They carried out a number of successful operations.

We [IIS] have good relations with them and they [force 17] have an office in Baghdad. They were not assigned any commando operations during Umm-al-Ma'arik war. Nevertheless, they were assigned to collect intelligence information and they provided us with valuable information.

D- Renewal and Jihad Organization

Secret Islamic Palestinian Organization was established after Umm-al-Ma'ark [the first Gulf war]; it believes in armed Jihad against the Americans and Western interests. They also believe that our leader, the president, may God protect him, is a leader who is against the infidels' camp. The organization's leaders live in Jordan; some of its prominent figures are: (Nasif Nasir Ahmad aka Abu-Ayub; Var: Ayoub; Ayyoub), Sabir Tawfiq al-Muqbil aka Abu-Ashraf). The Organization's chief, visited the region [Iraq] two month ago. The organization showed willingness to carry out operations against American interests at any time.

E- Al-Wathiqun [the confidents] Al-Murabitun [those on guard]

This is a Palestinian organization whose main objective is to carry out operations inside the occupied territories. It is supervised by Salah Khalaf aka Abu-Iyad.

Page 5

After his [Salah Khalf] death, the Organization's relations with Chairman Yasir Araft worsened, and all financial support was halted. They have members spread within the territories and in the Palestinian camps. We [IIS] have relation with the organization's

military advisor (Mustafa Mur'i) whose assistant is Lutfi Abd al-Rahman. We have previously met with them in Baghdad in January 1992. They were willing to carry out any assignment we tasked them with, but we did not assign them any task during the first Gulf war since our relationship with them was fairly new.

F- The Palestinian Abd al-Bari al-Duwaik aka (Abu Dawoud)

The above-mentioned individual was the representative of the organization to the group of Hamid Abu-Muhammad (Popular Front abroad operations). His relations with this group discontinued for a long time. He currently lives in Cyprus, and he was assigned to carry out a number of commando operations during Umm al-Ma'arik which he did. Our relationship with him is still outstanding and we can benefit from him in carrying out operations.

He is the deputy of the director's office, Farouq Qadumi (Abu-al-Lutuf) in Amman. He was one of the leaders of the western-sector agency. He is known as the special operation man, and he has members directly connected to him that can carry out operation. Our relationship with him is good and we can benefit from him in commando operations. He was not assigned to carry out any operation in the Umm al-ma'arik since our relations with him was fairly new.

Conference with the Secretary of the President of the Republic [of Iraq] as well as with Mr. Tariq Aziz

- 1- The intelligence studies a specific plan since planning for dislodging American forces from the Arab or Islamic countries or harming them will not yield effective results.
- 2- I believe that the first target should be Egypt because I think that
 - a- Hikmatyar will not be active against Saudi Arabia although he claims that his relationship with Saudi Arabia is [not] normal. He and his group have old relations with Saudi Arabia which induces him to get along with it.

The classification markings are original to the Iraqi documents and do not reflect current U.S classification.

b- Additionally, targeting the American presence in the Arabian Gulf region will not [be effective], (not to mention that the cost will be high) because the main American presence is in Saudi Arabia. Accordingly, the efforts should be focused on Egypt and not necessarily on the American military presence, rather on the American collaborators in the country

Page 41

- 3- Disturbing the Egyptian regime and its alliance with America should be the target that produces easy results.
- 4- There is no objection for supplying them with technical expertise.
