SUMMARY TRANSLATION.

This file contains the following:

476-page file dated 2001 by Fida'yeen Saddam's command. It mainly contains correspondences related to the Kurds' activities in the northern region of Kurdistan (self-governed zone). This file does not contain specific "information of interest", for training terrorists and foreign fighters, but provides some evidences of assassinations and car bombings under the directions and planning of Fida'yeen Saddam, to include the killing of US citizens in the northern region.

Page 63 contains a report, dated 17 Sep 2001, of the Fida'yeen receiving information from a French reporter about some Iraqi religious figures denouncing the attack on the United States on September 11. Uday Saddam Hussein writes on the report requesting to investigate further and collect more information from the French reporter about the accuracy of the reported information. NFI.

One document, page 73, gives information about a bomb against the Iraqi army; hand written recommendation on the document by Uday Saddam Hussein instructing the Fida'yeen to be cautious for this type of attacks against them by not using a same road more than twice, if absolutely necessary then 3 times.

Information received through the sources inside the Kurds region indicates that the Kurds are offering money for the assassinations of members of the Ba'ath party as a pay-chart of: USD 200 for any Ba'ath party member and USD 500 for a squad command member. LC: the insurgents currently use this tactic in Iraq; The Fida'yeen could be using the same tactics that were successfully used against them prior to the US invasion of Iraq, as most of the tactics mentioned in this file provided identical tactics of the currently used in Iraq, as follow:

Page 76 contains information provided by a source about the Kurds video taping an attack or an ambush against the Iraqis and airing it on their television stations to gain support. Pages 168-170 provides information by the ministry of interior to all agencies about the bomb making tactics being used by the Iranians and their followers, anti-regime, in Iraq. Dated September 2001, the documents gives details of the tactics being used to make IED's using TNT and RDX inside tank rounds or missiles in order to blow it up stationary without the launching of the missile. Page 170 includes pictures of the bombs being used with the wiring and timers attached.

Pages 251-252, dated July 2001, contain information about the use of magnet-attached bombs (IED) by the pro Iranians in Iraq. Pictures show the tactic used and the methods of making the bomb available on page 252.

Page 260, dated May 2001, contains information provided by a source in the northern region. The information was over heard by the source of two Kurds conversation regarding buying over 5,000 meters of "armoured" armored cables manufactured in Jordan and coming from Jordan. This document does not provide enough information about the cables and their usage. NFI.

Page 266, dated 5 Jul 2001, contains a memo to Uday Saddam Hussein from unknown (2nd page of the memo is not available, most likely the author of the letter is the Fida'yeen general secretariat) this letter contains a report to Uday about accomplishing mission number 37 in the northern region. The mission was the bombing of the American [REDACTED] organization [REDACTED]. The mission was accomplished on 5 Jun 2001 at 2230 hours using an IED. LTC Iskandar Fariq Rashid; the citizen Nuzad Hamid; the citizen Sinkir Hussayn Hasan; and the citizen Fuad Majid carried on the mission.

Page 299, dated 5 Apr 2005, contains a letter from Uday Saddam Hussein to the presidential secretariat. This letter gives a report about accomplishing a mission of bombing the Turkmen's guesthouse in Irbil by the Fida'yeen on 9 Mar 2001 at 0500 hours. Turkish intelligence officers usually visit the guesthouse. The bomb was used to blow up the house, which led to destroying a significant big part of the building. Uday writes a note to add the mission to the list to be presented to Saddam Hussein on his birthday as a gift.

Page 300, dated 5 Apr 2001, contains a letter from Uday Saddam Hussein to the presidential secretariat. This letter contains a report about accomplishing a bombing mission in the northern region by the Fida'yeen sources on 9 Mar 2001 at 0900 hours against [REDACTED] organization for the American help and support to the Kurds. The bomb resulted in the killing of 7 and injuring 8 working for the organization; no nationality mentioned.

Page 301, dated 5 Apr 2001, contains a letter from Uday Saddam Hussein to the presidential secretariat. This letter contains a report about accomplishing a bombing mission in the northern region by the Fida'yeen sources on 18 Feb 2001 at 1915 hours using a bomb (IED). The target was a new Land cruiser marked "UN" (United Nations) [REDACTED]. 4 American citizens including 1 woman occupied the car. The attack was carried on by one of our agents and three citizens and it resulted in the death of the organization's supervisor and the sever injury of three others to include the woman.

The above three reports of attacks contain a request to inform the president Saddam Hussein of the accomplishments.

The rest of the file contains routine reports and information provided by the sources of the Kurds activities and the situation in Kurdistan area.
