Preliminary Investigative Report

1. I went to Sulaymaniyyah with the intention of going to Syria and meet the treacherous opposition, I met with one of the opposition group members the alleged Azar and suggested to me to attempt to attract some officers who would like to travel and join the opposition.
2. I came to Baghdad and met with a woman named Shuruk and her friend Um 'Umar the wife of Staff Briadadier Salman and she suggested to me the idea of going to Syria with her husband, and after the passing of few days, her husband called me up and requested to meet with me at the bank district in front of the college, I informed my Directorate of my role between myself and Staff Brigadier Salman and he explained to me [illegible], and he claimed that he does not have any personal or security problem and requested from me to assist him to travel to Syria together with his family and upon his arrival to Syria, he will give me some money.
3. I have documented all of that, and presented it to my Directorate (Tape recorder of his conversation with me), I documented my movement with him with the knowledge of my directorate and with the directive of my supervisor Staff Brigadier Salah.
4. Staff Brigadier Salman informed me that his identification is not sufficient for fear that the opposition will not receive him, therefore, I suggested to him to go to one of his friends in his area to bring some disks as a proof to opposition groups that he wishes to assist them and benefit their cause by giving them some information.

Preliminary Investigative Report

5. following that, I have informed my Directorate with what took place and that the wife of Staff Brigadier Salman wants to join the ranks of traitors (The Opposition in Syria) and I received information that the alleged Ghalib Shai' the husband of Shuruk is one of Air Force Officers (Staff Colonel) who has been sentenced to death and he is present in Jordan under a fake passport.
6. Following the passing of a few days, I asked Brigadier Salman about the disks, he told me that he went to his friend and was not able to meet with him, so I [illegible] him to bring those disks, and I went with him to the house of Major General Pilot 'Adil and I remained in the car of Brigadier Salman, he went without [illegible] entering the home of Major General 'Adil and their encounter lasted few minutes, and then we left, Brigadier Salman informed me that Major General 'Adil refused to give him the disks.
7. Following the arrest of 'Adil and his escape from Jail, I was tasked by my Directorate to document some information on the form of recorded tapes [TC: wire taps] to his Kurdish wife, it was revealed as she claims that her husband wanted to escape through the North and that he put his house for sale two month ago and that he wanted to go to Canada or London and that he wrote a report titled "Scandals of Mr. President Saddam Hussein, May God Protect and Defend him" and this file is in the possession of Shuruk's sister (Sundus) the house that 'Adil hid during his escape.

Subject: Report

In 1993, I was living in Mudir al-Amn Street [TC: street name means security manager] in al-Ghazaliyyah district where my parents lived at the time, at the time, I was a student at the Physical Education College and a boxer in the team. One day, there was a misunderstanding between myself and three neighbors, they were the nephews of Mr. 'Abd-al-Ghani 'Abd-al-Ghafur, a party member, this resulted in a fight among us and I have beaten one of them and broke his nose, he was an officer at the Intelligence Service and the other was a Police Officer, after the break up of the fight, each one of them went to his Directorate and brought reports that I have attacked them while they were carrying out their duties, I was forced to leave the house and be absent from my family for about a month approximately, at that time, they harassed my family and imprisoned my brother instead of me from two days, and when I became desperate, I went to the north, to Dahuk area and I stayed there until things calmed down as I planned to return to the new school year and (commence work), at the time, I met with the Director of Media and Relations of Dahuk Governorate and he offered me to work with him as an escort detail and a chauffeur, he explained to me what the job entails, which is basically to receive delegations and Foreign Organizations arriving from various parts of the world and attend meetings, conventions, conferences and parties etc.

I agreed to work with him and Governor 'Abd-al-'Aziz Tayib (The Governor of Dahuk) has welcomed me as I am fluent in Kurdish, and through my work at the Governorate, I was introduced to all heads of Foreign Organizations and got to know the alleged Leaders of the Kurdish People, from Security Officers (Esayish) and Intelligence Officers (Parstin) and Custom Managers, members of al-Barty party and other parties and their locations etc..

After the passing of eight months at my work in Media and Relations, I met with one of my school colleagues in one of the restaurants in Dahuk market, he is Arasan and his brother Ahmad and after our conversation, it became evident that Arasan is a Secretary of Doctor (Ahmad al-Chalabi) and he was his Administrative Assistant in Kurdistan and responsible for all Offices in the northern region and his brother Ahmad is the Director of Opposition Television Program in Kurdistan, which is located in Salah al-Din resort in Arbil Governorate, and both Arasan and Ahmad are the sons of (Habib Fili) the Editor of Ta'akhi newspaper in the seventies and Public Tax Manager in Baghdad in the eighties and a Ba'th party member in the nineties...

Arasan proposed to me to work with them with a salary of 200 dollars monthly after he heard my story and the reason of my arrival to Dahuk, I agreed to work with them as a Security Officer and as an escort to Ahmad al-Chalabi, he accompanied me to introduce me to him (Ahmad al-Chalabi) at Salah al-Din resort as this was their main location, I met with him and he welcomed the idea of my employment with them after he heard all the details from Arasan and Ahmad

[Page 15:]

I started working on the same day and through my working with them, it dawned on me for several times to come to Baghdad to report the names of elements that cooperate with them in Baghdad and other Governorates and about their movement, phone numbers, their agents who facilitate sabotage activities within Iraq, however, I wasn't able to come [TC: to Baghdad] for two reasons, number one is that I was wanted for military service and I was "Absent without Leave" due to the pending case of the (fight) which resulted in me leaving the College.

After a period of more than six month, Ahmad al-Chalabi left and his representative and Diplomatic Consultant Nabil al-Musawi who resides in al-Zuhur neighborhood in Baghdad assumed his place bringing with him money that Ahmad al-Chalabi has sent from London to settle the opposition's bills and debt at the time.

One day during the settling of the opposition's debts, the alleged Kusart who is one of the commanders of Jalal Talaban's army of al-Yakty party (Kurdish Labor Party) as they call it came to see him at the location, he started cussing against the Arabs generally, so I have beaten him without hesitation which resulted in breaking of his nose, this has caused quite a stir in Arbil generally as Nabil, Ahmad, Arasan and others came rushing to the location to hide me, I ran to Ahmad al-Chalabi's car, myself, Nabil and we went to al-Sulaymaniyyah and Nabil informed me to stay that night only and then he will send one of Ahmad al-Chalabi's accountants to escort me to Iran and then to London where Ahmad al-Chalabi was present at the time, as my situation is critical.

I decided on my own to go to Dahuk following the return of Nabil from al-Sulaymaniyyah to Arbil, I went to Dahuk as Jalal's group are not permitted to stay in al-Barty area at the time, I remained there until Nabil called me from the Opposition office in Dahuk, one of them came to me and informed that Nabil al-Musawi and Arasan would like to talk to me on the phone and both Nabil and Arasan informed me to go to London through Turkey, and they sent me funds to cover the trip and provided me with an address and a phone number as well as a fax number of Ahmad al-Chalabi and that he is waiting for me. Nabil Musawi and Arasan Habib Fili gave me the sum of \$5000 five thousand dollars and I left for Turkey and decided to travel to Germany instead of going to London and then I learned that Mr. President, the Commander Saddam Hussein has issued a decree of providing amnesty to all escapees and draft dodgers and thank God, I was blessed with this generosity and returned to my country, my land and have joined the military service

[Page 16:]

On the first day of December 1998, I met with on the housekeepers of Ahmad al-Chalabi in al-Iskan area in Baghdad as her parents live there, her name is 'Afaf, she is of Kurdish descent and resides in Irbil where her husband lives, the alleged Shams-al-Din, of Kurdish descent, during my encounter with her, I inquired about Ahmad al-Chalabi and his group, she claimed that she lost touch with them since the opposition has left Kurdistan, however, she informed me that she has met Ahmad al-Chalabi's Diplomatic Consultant by coincidence during her visit to Baghdad and that Nabil al-Musawi has escorted her Baghdad in the same vehicle during his planned trip to visit his family in Baghdad, as they live in al-Zuhur neighborhood, so she claims, she did not see him since they both arrived in Baghdad, my encounter with her was two days after her arrival in Baghdad.

I in turn have notified my Directorate regarding the meeting that took place with the alleged 'Afaf and it was suggested to me to go to Irbil after I learned that Nabil al-Musawi has returned to Irbil after three days to inquire about his reasons of visiting Baghdad. On Wednesday the 9th of December I went to Irbil to meet Nabil al-Musawi and upon my arrival, I went to Tariq's House, who is one of the opposition, he resides in 'Ayn Kawah are and after I inquired about Nabil, it was revealed that he left for Zakhu before my arrival by one day, because he came to Iraq this time through Turkey and not Iran and I immediately followed him to Zakhu upon me hearing the news, I proceeded to Nabil's special office and found him to be preparing to leave.

He was stunned to see me and inquired about the years that have passed and where I was and the reason for my return a second time to Iraq, he informed me that 'Afaf has informed him about my meeting with her, he also informed me that 'Afaf was tasked with a mission which is to relay some information to the alleged Ma'ruf who resides in al-Sihah neighborhood in al-Sha'ab district and that he has informed her that he will call her from London before his arrival, he pointed out that 'Afaf came to Baghdad several times to relay some instructions that they send through her.

In the context of my conversation with him, I requested that I go to London with him, as I was really suffering and wish to join their ranks at the opposition this was according to the directives from my Directorate, he welcomed the idea but he wanted me to stay in Baghdad, they will provide me with whatever I need, bearing in mind that I informed him that I did not see my family from the time of my return which was six months ago, he informed me that he will provide me with money that will enable me to buy a car and pay house rent for two years at least, as they wanted me to be the main source in Baghdad, as they have lost many of their agents and their sources following their departure from Kurdistan and the relocation of their offices to London, as everyone has went there to make a living in Western countries, this has contributed to their deteriorated state as they have lost many of their operatives who were with them.

Following to my persistence in joining them, I reached an agreement with him, that he will send me his representative on the 26th of December, the alleged Abu-Salah (a look alike, who resembles Mr. President May God bless and protect him), he informed me to be prepared and not to mention this to anybody, what he really means is for me not to inform other elements that work for them [TC: the Opposition] and he requested me to be present in Abu-Tariq's house in Irbil on the 26th and that our departure will be after the

passing of five to seven days as Abu-Salah is tasked with a mission that he is sent for, so we concluded our agreement and Nabil left for Turkey on the 12th of December.

Subject: report

I departed to Irbil on Saturday the 26th of December 1998 to the alleged Abu-Tariq's house who resides in 'Ayn Kawah neighborhood, he is one of the opposition representatives who relays instructions to Baghdad on behalf the Diplomatic Consultant of Ahmad al-Chalabi (Nabil Musawi) as per the agreement that took place between myself and Nabil al-Musawi which is sending Abu-Salah on the same day as above to escort me to London. Upon my arrival to Abu-Tariq's house, I met his brother Abu-Arkan, who informed me that Tariq has left for Baghdad two days ago and requested me to wait for him as he is tasked to courier a letter to one of the officials in Baghdad. I waited till the 28th of December 1998 which was a Monday, and upon Tariq's return, he informed me that Ahmad al-Chalabi, Nabil and Abu-Salah [illegible] to come to al-Sulaymaniyyah on the 19th and 20th of December to present a speech intended for the Southern People and particularly the Governorates of (Misan, Zi-Qar, al-Basrah), the speech objective was to stir the masses against the revolution, to instigate chaos with the aid of some mobs and opposition elements, as they claim the Iraqi opposition with the help of America has formed a complete Government and Ja'fariyyah as they have requested, and that the south will be requested to split form the government and for its people to carryout demonstrations, and that the opposition will enter Iraq from Iran through their organization present in the interior and with the help of the American and British hostile forces, such forces that amassed in Kuwait territories and on the red sea coast. Also, Ahmad al-Chalabi has directed oppositions officials within Iraq with some tasks which aims to instigate demonstrations within the south, Tariq informed me to go to Ma'ruf, who is responsible for the internal organization of the opposition, he urged me to hurry up before they commence execution of their plan, Tariq has relayed Nabil's instructions to Ma'ruf which points to my receiving and making me one of those who will carryout the missions, and that I have to be present in al-Sulaymaniyyah on the 27th of January 1999 where Nabil will be in Iraq during such time in order to accompany him. I learned from Tariq the names of elements responsible within Baghdad and outside of its boundaries, such elements will play a pivotal role in this filthy conspiracy that the traitors are about to execute.

Ahmad al-Chalabi has emphasized in his speech that this time it will be decisive as long as America and Britain will supply them with weapons and aircraft and with the help of their forces, so be comforted you Citizens of the South.

On the 17th of September 1999, I went to al- Sulaymaniyyah and have met with the alleged Nabil al-Musawi and informed him that I would like to go with them to London as I used to work with them in Irbil and al-Sulaymaniyyah they were totally believing that I have no contact whatsoever with any Security entity and that I am an escapee and a draft dodger, he informed me that Doctor Ahmad al-Chalabi is currently present in New York for a conference and that he [TC: Nabil] will travel shortly to London through Iran for the purpose of attending some activities tasked by Ahmad al-Chalabi. Subject: Report

On the 28th of September 1999, I was tasked by Saddam Commandoes General Secretariat to travel to al-Sulaymaniyyah for the purpose of holding an agreement with the alleged Nabil Musawi the special Consultant of the alleged Ahmad al-Chalabi the traitor, and upon my arrival, I discovered that he left two days ago leaving a letter stating that he left for Turkey to arrange with smugglers for the purpose of arranging my travel to London and that he will be financially responsible, and when I presented travel applications forms for the purpose of obtaining a visa to travel to Turkey, I purchased [illegible] to expedite my departure date and obtain approval from General Passport control located in Salah al-Din, the process took more than fifteen days, and upon completion of all travel paperwork and exit permit, I submitted my passport to obtain visa for Turkey, however I was denied a visa for Turkey and my passport was crossed, they only approve senior citizens and women. I returned to Baghdad to inform my Directorate of the latest development and what transpired between me and Nabil al-Musawi in the telephone conversation following my denial to obtain the visa for Turkey. I received approval to travel to Syria as per Nabil al-Musawi's request to remain at the treacherous location of Iraqi Opposition in Syria until he dispatched one of his followers for the purpose of bringing me to London with him. I went to Syria, over there, I met with Hassan al-Naqib who is responsible for the Opposition Office and have also met with Brigadier 'Iz-al-Din who claims that he is the private Pilot of Mr. President, May God Protect and defend him and the nephew of the traitor Rafiq al-Samara'I, the alleged Mushtaq and he is one of the Special Security Officers, so he claims

And after the passing of ten days in Syria, Nabil al-Musawi came in with [illegible] for the purpose of conducting a meeting regarding carrying out sabotage activities in our dear country, initially the agreement was to prepare a Vehicle Borne Improvised Explosive Device [VBIED] at the [illegible] festival for the purpose of creating havoc among the public opinion and the International Security Council. They have later changed their mind and have dispatched the alleged Salah and the alleged Abu-Hamid form Kirkuk (Fili) and they are both specialists in explosive booby traps for the purpose of arranging the explosive material for this criminal act and to locate the houses of members of party leadership who reside in al-Hadithiyyah in Baghdad and arranging for the entry of the Vehicle Borne Improvised Explosive Device [VBIED] to the location of the Olympic Committee, this was all before the new year. The alleged Nabil al-Musawi has dispatched them with me so that he can verify that I have no affiliation whatsoever with any security department in Iraq, I have informed my Directorate with all the updates upon my arrival to Mosul. It was agreed to remain in Iraq for seven days only and to return to Syria track activities of the alleged Abu-Hamid and Salah who were tasked with this mission. I was able to find out the farm of the alleged Salah's cousin, it is the place where the vehicle will be loaded with explosives, they decided to purchase the vehicle in Shahrbat.
