

- e. List of incoming products (media, chemicals, intermediates or raw materials) during this four week period. List source, supplier and quantity:

Product	Quantity	Source and Supplier
Chlorine gas	1	Chlorine gas

- f. List of publications/leaflets of products/reports:

NONE.

- g. Section F - Other

- a. Any additional information/Any comment?

NONE.

b. Source and amount of funding. Please complete the following table:

Source	Item	Quantity
		7011019
		116335

for all center
for Biological Dep.

c. Water consumption:

No meter

d. Production of water deionisation/distillation. List volumes produced:

Nil

e. Power consumption (in kWh):

No meter

f. Building construction expenditures:

Nil

g. Site maintenance expenditures. Maintenance logbook:

Nil

Inventory of media and chemicals. List source and supplier of these. Complete the following table:

151 - Lorry / Tryptose Broth	0.4 kgm	
152 - Lactose Tryptone Broth	8.2	
153 - Casein meal	9.0	
154 - Sabouraud Dextrose Agar	3.0	
155 - King's Agar	3.0	
156 - Endo-C Agar	0.3	
157 - Tryptose	0.8	
158 - Wilson's Blood medium	0.4	
159 - Violet Red Bile Agar	0.2	
160 - Tryptone Bile Base	3.0	
161 - Dextrose broth	0.5	
162 - K.F. Sheptone Agar	—	
163 - Lab-Lens Beef Extract	0.5	
164 - Casein digest liquor	4.0	
165 - Yeast nitrogen Base	0.2	
166 - Tryptic Agar Base	0.4	
167 - Liver infusion broth	6.6	
168 - Casein blood	6.5	
169 - Aspirin blood Agar	0.8	
170 - Casein milk digest	0.4	
171 - Meat Extract	0.875	
172 - Egg Yolk Tryptone	2.6 L
